Reference:215-A:12 I,II, III Manufacturing Specification Requirements.

I. No person shall operate, sell, or offer for sale an ATV, trail bike, UTV, or any other OHRV which produces total vehicle noise of more than 96 decibels of sound pressure on the "A" scale when measured in accordance with the Society of Automotive Engineers (SAE) J1287 standard.

II. No person shall operate in this state any trail bike or other OHRV which is designed, constructed, and sold solely for closed-course competition and is without a headlight and a taillight. **The provisions of this paragraph shall not apply to trail bikes or OHRVs operated at approved OHRV competitions, or when the exhaust system is modified to comply with the provisions of paragraph I and RSA 227-L:20. (Spark Arrestor)**

III. **No person shall modify a OHRV in a manner that shall amplify or otherwise increase total vehicle noise above that emitted by the OHRV as originally manufactured with the original muffler nor shall any person operate any such modified OHRV.** The provisions of this paragraph shall not apply to OHRVs operated at permitted OHRV events as defined in the department's administrative rules, Fis 1501.01(d).
